Keep your important photos secure!

Safeguard your images by following these simple tips...

Photo Negative & CD/DVD Storage:

Store important Negatives & CD's in a safe or fireproof box.

Always keep Negatives & CD's away from heat & humidity.

Don't Mix Your CD Index Cards Between Envelopes!

Keep each set of CD index cards with its own respective CD.

Ordering reprints and enlargements is simple
if you keep your photos organized.

Take only duplicate CD's to photofinishers to get reprints & enlargements.

Keep your original CD's in a safe location at all times.

Thank You for choosing adirondack IMAGES photography !
